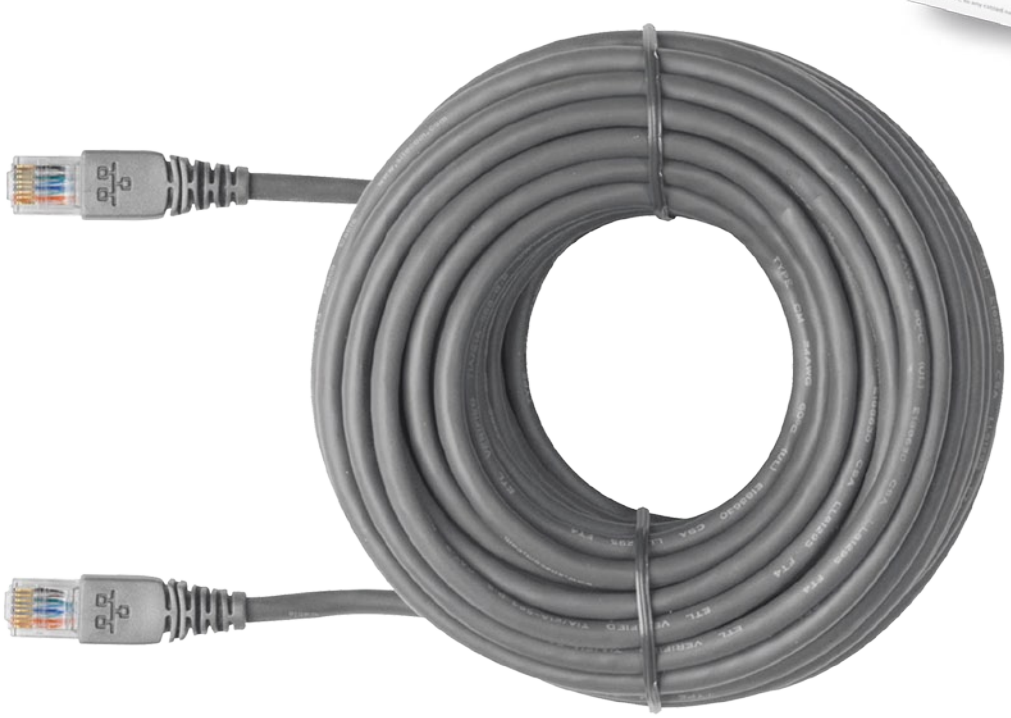
Data sheet:
LN-218

Product code : LN-218
Product name : Network Cable
EAN code : 8716502002597

With this Sitecom UTP Cable you can easily connect your computer to your network peripheral equipment like, for example a hub, switch, router or modem.

Keep your network neatly organized when using the cable in a patch box or distribution box. The cable is CAT5 standard, offers optimal protection against external interference, and enables a transfer rate up to 1000 Mbps. The cable can be used in a 10/100/1000 Mbps network.



Box content:

- Network Cable
- User manual

System requirement:

- Windows 2000/XP/Vista/Mac OS
- Free USB 1.1 or USB 2.0 port

Designed in Europe

RoHS compliant
